

"No monster will defeat you if you work together!" ODYSSEUS

How to destroy ANY monster!

Have you ever wanted to be a well-known hero? Do you have a team but don't know why? Have you always wanted to be famous? Well it's your lucky day! All you have to do is to read these easy steps, and all your dreams will come true - and you (and your team) will be heroes. The world needs you...

YOU WILL NEED:

- A strong/smart team
- 100 spiky balls
- Spiky ball launcher
- A tall watch tower
- Monster
- 200 gallons of ink
- And ink shooter (any shape)
- Brooms
- Melon
- Bear trap
- Super Glue (1 tube)

1. Initially, construct a dummy small child (using a melon for the head and brooms for the arms and legs). Cautiously, position the mannequin next to the watch tower. Subsequently, command a friend to stand on the watch tower on look out.
2. Next, the locator should search the area. When they spot the monster, they must press a button on their remote device - being careful not to press it when the monster is not in position. This will alert the switch flipper, who is behind the watch tower. As a result, they will activate the switch, firing spikes around the creature.
3. After that, the monster should back off from the spikes, furthermore, land

Even the hydra stands no chance if you follow these instructions!

in a bear trap that has been super glued (to make it easy, have somebody on the mannequin to taunt the monster so it hits the bear trap, leaving the brutal beast vulnerable!) Now all you need to do before you finish it is to feel confident, because you have the easy job.

4. Finally, pull out your ink shooter and charge! When you arrive at the monster, tell your team to get away from the creature as fast as a Ferrari. Shoot ink at the abomination, giving it ink poison, so it falls back (that's why you need to keep your allies at bay). Just before it hits the sharp balls, it should disappear into ink and dust.

Having finished these steps, your foe will be nothing more than a bag of skin, and you will be known around the world, with the nickname of "The Monster Masher!" All monsters will now fear you, so just relax. Good luck!
