

I would like to be our class councillor because it would make me feel proud. I think that I am the right person for the job because I think I have good ideas. If you elect me, I would try to get a little bit more Golden Time for everyone. I think that every class should have an extra five minutes to reward all of our hard work!

*James, Badgers*

I would like to be school councillor this year because I am a team player and I would like to help to keep the class organised. I think that I am the right person for the job because I want to improve learning for everyone. If you elect me, I would try to change things so we have puzzles and iPads to use in Golden Time.

*Frayah, Badgers*
