

I am running to become our school councillor because I am very helpful, and because I have lots of ideas for making our school better! Firstly, I would like us to get some new equipment for playtimes, like skipping ropes and frisbees. I would like there to be more adults outside at playtime as well, so that they can help us to organise games. Next, I would like to help the school to raise money so that we can buy more iPads. Finally, I'm good at helping people, so I think I would make a great school councillor!

Hello everyone! I am running to be school councillor this year because I am kind, helpful and am willing to listen to everyone's ideas. If you elect me, then I would like to organise a colour run to raise money for school. We can then use some of this money to update our science equipment, so that we can do more exciting experiments! I would also like us to have more cooking clubs, so that we can all learn to cook.
