

I would like to be our class councillor because I would really like to help to make our school even better than it already is. I think that I would make a good school councillor because I am kind, caring and helpful. If you elect me, I would like to help to change the school so that everyone is always confident to be themselves. I think that you should follow your heart and be happy to be yourself.

I would like to be our class councillor because I am determined to make the school a better place. I think that I am kind and helpful, and I hope that everyone who knows me will agree. If you elect me, I would like to get more toys for us to play with at playtime, lunchtime and at golden time. I think that this will make school more fun, and will reward people for all of the hard work that they do in lessons!
