

I would like to be our class councillor this year, because I would like to help my class. I think that I would be the right person for the job because I like to help my friends, so I would work hard to make our school better for everyone. If I get the job, I would try to make sure that Year 1s get to go to the school discos, and I would also try to get homework for Year 1, too.

I would like to be our class councillor this year, because I would like to help my class. I think that I would be the right person for the job because I am nice and kind, and would try to help everyone in our class. If I get the job, the thing I would try to change is to make sure that Year 1s get to go to all of the school discos. Please vote for me to be our school councillor!
