

I want to be our School Councillor, because I really want to be able to help everyone in our class to enjoy being at school and have lots of fun. I think that I am the right person for the job because I am kind and I am a great listener, so I will always try to help everyone in class. If you choose me to be on School Council, I will try to get us more time using ICT.

Noah Ellis, Class 3b

I would like to be class councillor because I would like to help everyone in class to be friends. I think that I am the right person for the job because I am an open person, and I love new challenges. If you choose me, then the main things I would like to change are to make sure that there are always people in class who can help us, and to give us more chances to help each other.
