

I want to be class councillor because I want to be a classroom helper and look after my friends. I think that I am the right person to be our School Councillor because I am a nice person and I care about everybody in our class. If you choose me to be on School Council, I will try to get more toys for us to play with and I would like to give people more things to do.

I want to be School Councillor because I want to make sure that we are all doing the right thing and can have the best time possible in Year 2! I think that I am the right person to do this important job because I am considerate and a good friend. If I am elected, I would like to change the classroom rules. I would like to have an extra 5 minutes Golden Time and have more books in our classrooms.
