

Hello, and thanks for listening. I am delighted to be running for School Council, and once you've heard my reasons for becoming our councillor, I'm sure you'll agree that I'm the right person for the job. Aiming to make our school the best it can be, I have got some superior ideas for improving our school, such as more educational trips, therefore providing us with more opportunities to learn. Additionally, surely we should have some acting classes? Running a drama class will boost people's confidence and give them a chance to practice for the play. If we improve in these areas, then I know that our school will become a better place. What have you got to lose? I hope you take these reasons into consideration and vote for me!

Mo Musonza, Class 5

I stand here today, determined to become our school councillor and I believe that I am the right and the best candidate for the job. Once you have heard my plethora of fascinating and exquisite reasons, I am sure you will agree with me! Running for councillor means a million to me, so I am committed to being the best and finest person I can be. To be a good councillor, you need to have an abundance of ingenious ideas. The thing I love about our school is that we get privileges - and it is not just for fun, as if you look after the pets you can become more responsible, too. Improving the consoles is key, due to the fact that many people may complain because many of the games do not work and you can't play on them, consequently we should indeed get new consoles, such as PS4, Xbox One and Wii U. What do you think? Having given all these reasons, I hope (actually I am sure) that you will agree that I am capable of handing the responsibility of being school councillor. If you think I'm the perfect person for the job, choose me - and if you've got any questions, fire-away!

Connor Conboy, Class 5
