

Good afternoon everyone, and thank you for giving me the chance to explain why you should give me this important job. I think I am the perfect person to be School Councillor because I have had the experience of doing it before. I can promise that I would make the school better with more Golden Time toys and playtime equipment, and will try to improve playtimes by giving us more things to do. I don't mind how many votes I get today - what I do care about is making sure that we get the best for our class. I think that we all want a happy and healthy school, and my passion will make that happen, so I am sure that you will agree that I am perfect for this job.

Kyle Watson, Class 5

Hello everyone, I am glad to be applying for this role because I would love to take part in important meetings, as well as organising great opportunities for the whole school. I am definitely the right person for the job, because I am an organised and responsible person, who always works hard. I think that we have the right amount of playtime and lunchtime, also I love the fact that we have great teachers. However, there are some things that I would like to improve, including getting a climbing frame area on the field and trying to arrange a School Fete for the whole school. I am very helpful and determined, so I hope you will make a wise choice about who to pick - and I will be very grateful if you choose me.
