

You should elect me to be one of our School Councillors this year because I will be the best Councillor you have ever known! I also have lots of ideas for ways in which we can make our school better, including having pizza more often for lunch, trying to get a tennis court and a gym that people can use at playtimes, and organising more football games. I also think that we should do more PE lessons every week. I will do anything you want me to do, and will try to make sure that we all have a brilliant year!

I want to be class councillor because I will always be kind and helpful to everyone. I have never been on School Council before and it's my aim for the year to get elected, so I will listen carefully to all your ideas and do everything I can to make our school better. I am the right person for the job because if I ever see anyone upset or lonely I always go and ask them if they want to play with me, and if anyone is arguing I will try to help them sort it out. I will also help people with their work if they are stuck. If you choose me, I will ask for more playtime equipment and a special gymnastic area on the field.
