

Dear classmates, I am here today to tell you why I would like the chance to be your school council representative. First I would like to suggest that the girls could have their own gymnastics spot on the school field and the boys could have their own purpose built all weather football pitch (but they will have to let us girls play when we want). Next everyone should get a class pet in their rooms. You could have a fluffy bird, chubby hamsters or goldfish. They would give the children extra responsibilities and teach them valuable skills. I believe that I am a very helpful person and I would endeavour to help people when they needed it. An example of this would be if I saw someone upset I would go over and play with them. I am sure you would agree no one wants to be lonely. Please vote for me as it has been a dream of mine for a long time. I promise I will be helpful and kind.

Lily Street, Class 8

Many believe I am kind and considerate and take people's ideas and concerns seriously. Everybody knows I would not shy away from someone who has a problem. I strongly believe that I have the right qualities for leadership including intelligence and integrity. I have a number of ideas on how I would like to improve the school such as buying more equipment for golden time so that more children from each class can choose an activity. This wouldn't cost a huge amount but every class would benefit. Next I would like to put forward that we extend our break times. I believe these should be longer and as a result children would be calmer in class because they would have had more time socialising with friends and would be less chatty in class. Do you want real change from strong leadership? Then vote for me! Thank you for listening.

Ethan Atkinson, Class 8
