

I would like to be student councillor because I believe that I can make a positive difference in the lives of our pupils. I am the best candidate for the job, because I am down to earth and easy to approach, as well as being intelligent and hard working. Although the school has many good points that I like, such as Golden Time and friendly teachers, there are many things that could be improved. I think that maths classes should be longer, and playtime should be extended.

Hi, my name is Bradley and I am 9 years old. Of you elect me as our school councillor, I promise that I will use kind words and appropriate language at all times. I will attend all meetings. I will take all ideas into consideration, and I will respect all opinions and decisions. I pledge to do the most that a school council member can do, which is to be responsible, to be there for others who need help and to all-in-all make the school a better place.
