

I believe that I'm the most suitable person for the job, because I have a positive attitude and will work hard to achieve my goals, so whatever you want, I'll do my best to make it happen. Being class councillor will also help me to develop my leadership skills, and I would really like the chance to take on this role, as I have never been School Councillor before. Give me a chance and I'll show you what changes I can make. I would like to make Golden Time longer and give us more access to privileges, so that good behaviour is rewarded, and I would like to get more electronics to use in these times. I will also do everything I can to stop anyone who is even thinking about bullying.

Arifah Kamali, Eagles

Hello everyone! I would like to volunteer to be our school councillor this year. The reason I think I'm right for this role is due to the fact that I'm caring, sensible, honest and I give it my best in every single lesson. Furthermore, if I see someone upset, I will cheer them up and ask them what's wrong. I would like to see more non-sport clubs, like board games or computing, and I also think that we should do more fun activities like treasure hunts, sports tournaments or survival skills (eg. building tents). My final point is that I would like to have pets in every class, because children adore them! If you want school to be a happier, more entertaining place, vote for me and I will make that happen!
