

You should vote for me as school councillor because I am kind and caring, and I will listen to all of your ideas and suggest them at all of the meetings. I will try to increase Golden Time and get more play equipment to make playtime more interesting and fun. Secondly, I will try to make sure that everyone enjoys school and no one gets left out. In conclusion, I will try to make everyone have fun, and that's why I think you should vote for me to be your school councillor. Thank you for listening.

Sophie Matson, Foxes

I want to be school councillor, because I will demand longer time silent reading, more books to read and change the timetable so that we get to do fun subjects for longer. I would also make sure that we get more toys for Golden Time and run more events to raise money for charity. Finally, I would like us to have more playground equipment, like football goals. Please vote for me!

Raegan Mitchell, Foxes
