

I would like to be class councillor because I want to help everyone in our class to be the best they can be. I want us all to be happy and unique! I think that I am the right person for this job because I want to make a difference to our class and our school, and I know that I will do everything I can to make things better. If you choose me, the first things I would like to change is the way we involve our families in school. I would like there to be more family activities, and for our mums and dads to be able to come with us on some of our school trips.

Marissa Orros, Rabbits

I want to be class councillor because I really like helping people. I don't like seeing other children on their own, so I will play with them and try to make them happy. I think that I am the right person for the job because I am a great listener. I will listen to everyone in class and try to make things better for everyone, not just my friends. I don't want to make any huge changes to the school, because I think it's pretty great already, but I would like to make sure that everyone is happy and has lots of people to play with all the time!
