

Hello everyone, and thank you for giving me some of your time today. I would like to become school councillor so that I can help to make school better for everyone. I would like us to have more clubs that are not sport based for years 5 and 6, and would also like us to be able to go on more school trips. I also hope that if something is making people upset, they can speak to me knowing that I will always help. I will try to listen to everyone and represent all of us and all of the things that we care about.

Dillan, Falcons

I would like to take on the position of school councillor because I am an intelligent, honest and sincere member of the school community. I genuinely care about our school and want to make a positive difference. I think that I am an open person who you can confidently trust and rely on, whether it's making improvements to our school or planning fun events. I would like to improve school meals by adding more delicious puddings at lunchtimes, with more yoghurts, flapjacks and flavoured custard. I would also like to organise more fundraising events, encourage us to go on more inclusive educational trips and get us a waterproof bike shed for those of us who ride or scoot to school. Thank you for taking the time to listen to me today.

Jazzi, Falcons
